KOMAJA'S DAYS OF TANTRIC GROUPS

30<sup>th</sup> - 4<sup>th</sup>. May 2020.

## WHAT AND HOW AFTER MONOGAMIC LIES, SELF-DELUSION AND PAINFUL CHAOS

The topics and contents of this spring meeting will be equally inspiring and healing for:

- everyone, who is more or less inexperienced in love-erotic life and therefore is still seeking their own path
- everyone, who has been broken or even repeatedly broken by the most painful love and/or marital affairs
- everyone who would like to try the polyamorous approach to life and relationships, but is afraid of their own weaknesses and mistakes as well as of the weaknesses and mistakes of the others
- and finally, for all those souls who are already successfully living polyamorously, but would like to gain more knowledge and ability to attract into their own love fairy-tale even more wonderful souls who also seek true relationships, beauty and the meaning of everything...

The special charm of this meeting is that all lectures, meditations and workshops are led by Makaja, one of the greatest living Masters of Tantra and a world-renowned polyamorous Guru.

Rare are spiritual teachers and philosophers such as Makaja about whom - even during their lifetime and while they are in full power – both their friends and foes write in serious books and try to figure out their ideas, visions and teachings ...

- Makaja is also a recipient of the 2004 Sexual Intelligence Award in the US;
- member of World Association for Sexual Health (WAS) since 2003;
- regular guest of major EU media such as RTL, ARD, ATV, Die Süddeutsche, Playboy, Wiener, Die Weltwoche, K. Pravda etc.

WELCOME!
